Projects

RESEARCH

Credit Card Usage Patterns in Bangladesh **Dec 2025**
Academic research paper · ENG105, NSU
Survey- and interview-based study of who uses credit cards in Bangladesh, why, and what holds adoption back; hypothesis testing, data visualisation and recommendations.

Eastern Bank CSR Report Analysis **Spring 2026**
Group project · MGT-212, NSU
Strategic review of EBL's CSR and sustainability reporting using PESTEL, SWOT, BCG and Porter's Five Forces, backed by a semi-structured interview.

RannaBox: Meal-Kit Go-to-Market Plan **Summer 2026**
Marketing plan · MKT-202, NSU
One-year go-to-market plan for an app-based Deshi meal-kit service: STP, 4Ps, SMART objectives, personas, KPIs and budget.

PROTOTYPES

VoltLaptops: WooCommerce Storefront **Summer 2026**
Term project · MIS-207 E-Business, NSU
Working gaming-laptop store on WordPress and WooCommerce with BDT pricing, cash on delivery and an AI pre-sales chatbot.

Clear AI: Trade Document Automation
Digital product prototype
OCR-driven validation of import/export documents that autofills Bangladesh's ASYCUDA customs system; process map and wireframes.

CASE COMPETITIONS

Ad Maker Bangladesh 2026 · Team Trikonn **2026**

- **Dutch Agrosil** (Round 1): B2B2C go-to-market reaching farmers through 50K dealers.
- **EBL Sohojatri** (Round 2): app-led digital companion for Eastern Bank's SME lending.
- **MAYA** (Round 3): launch strategy creating an ultralight facial oil category.

Dhaka Bank eRin: The 100K Loan Roadmap **2026**
Team overclock · MarXcellence 2026
Owned-data acquisition plan for a digital device loan, built on propensity scoring of 1.46M customer records.

JOSH: Launching a Natural Energy Drink **2026**
BizCode 1.0 · NSU HR Club
Launch strategy with segmentation, distribution plan and financial projection.

DASHBOARDS

Power BI Dashboards: Blinkit & Verse
Grocery sales by outlet and product mix, and a sales-vs-budget performance tracker; Power Query, DAX and interactive filters.

Excel Dashboards: E-commerce & Road Safety
E-commerce profitability and traffic incident severity, built with pivot tables, KPI cards, slicers and dynamic filters.
